

BOARD OF DIRECTORS CANDIDATE - RIDER

GRAHAM EZZY

My name is Graham Ezzy. I'm born and raised on Maui into a windsurfing family. I competed on the world tour for many years, and I served PWA board for about 10 years. I stepped down in 2022, so that I could spend more time with my family. However, I have been asked to return to the PWA board as a representative for the riders. I feel that it is my duty to answer this request and stand for election.

If elected, my efforts will be twofold: 1) I will make all efforts to uphold the integrity of PWA competitions. That means fair judging and a competition circuit that represents the highest level of the windsurfing sport. 2) Find new income streams for the PWA. Right now, the PWA depends on money from the windsurfing brands and the entry fees. We need new money so that we can do what we want to do.

This is a difficult time for all action sports, not just windsurfing. This means that there are many challenges outside of our control. But at the end of the day, I believe that if we have a solid world tour, the professional side of our sport will survive.
